And the ___ Oscar ____ goes to...

By Rachel Scanlon, Bodleian Social Science Library

The Nominations for Best ___ Screenplay ___

Having a **story** is very important and useful for **structure**.

Your video should have a
BEGINNING
MIDDLE
END

Plans and storyboards are useful at this stage

The Nominations for Best __ Cinematography __

Expensive equipment and software is **not necessary**.

A **mobile phone** and a steady hand can work wonders

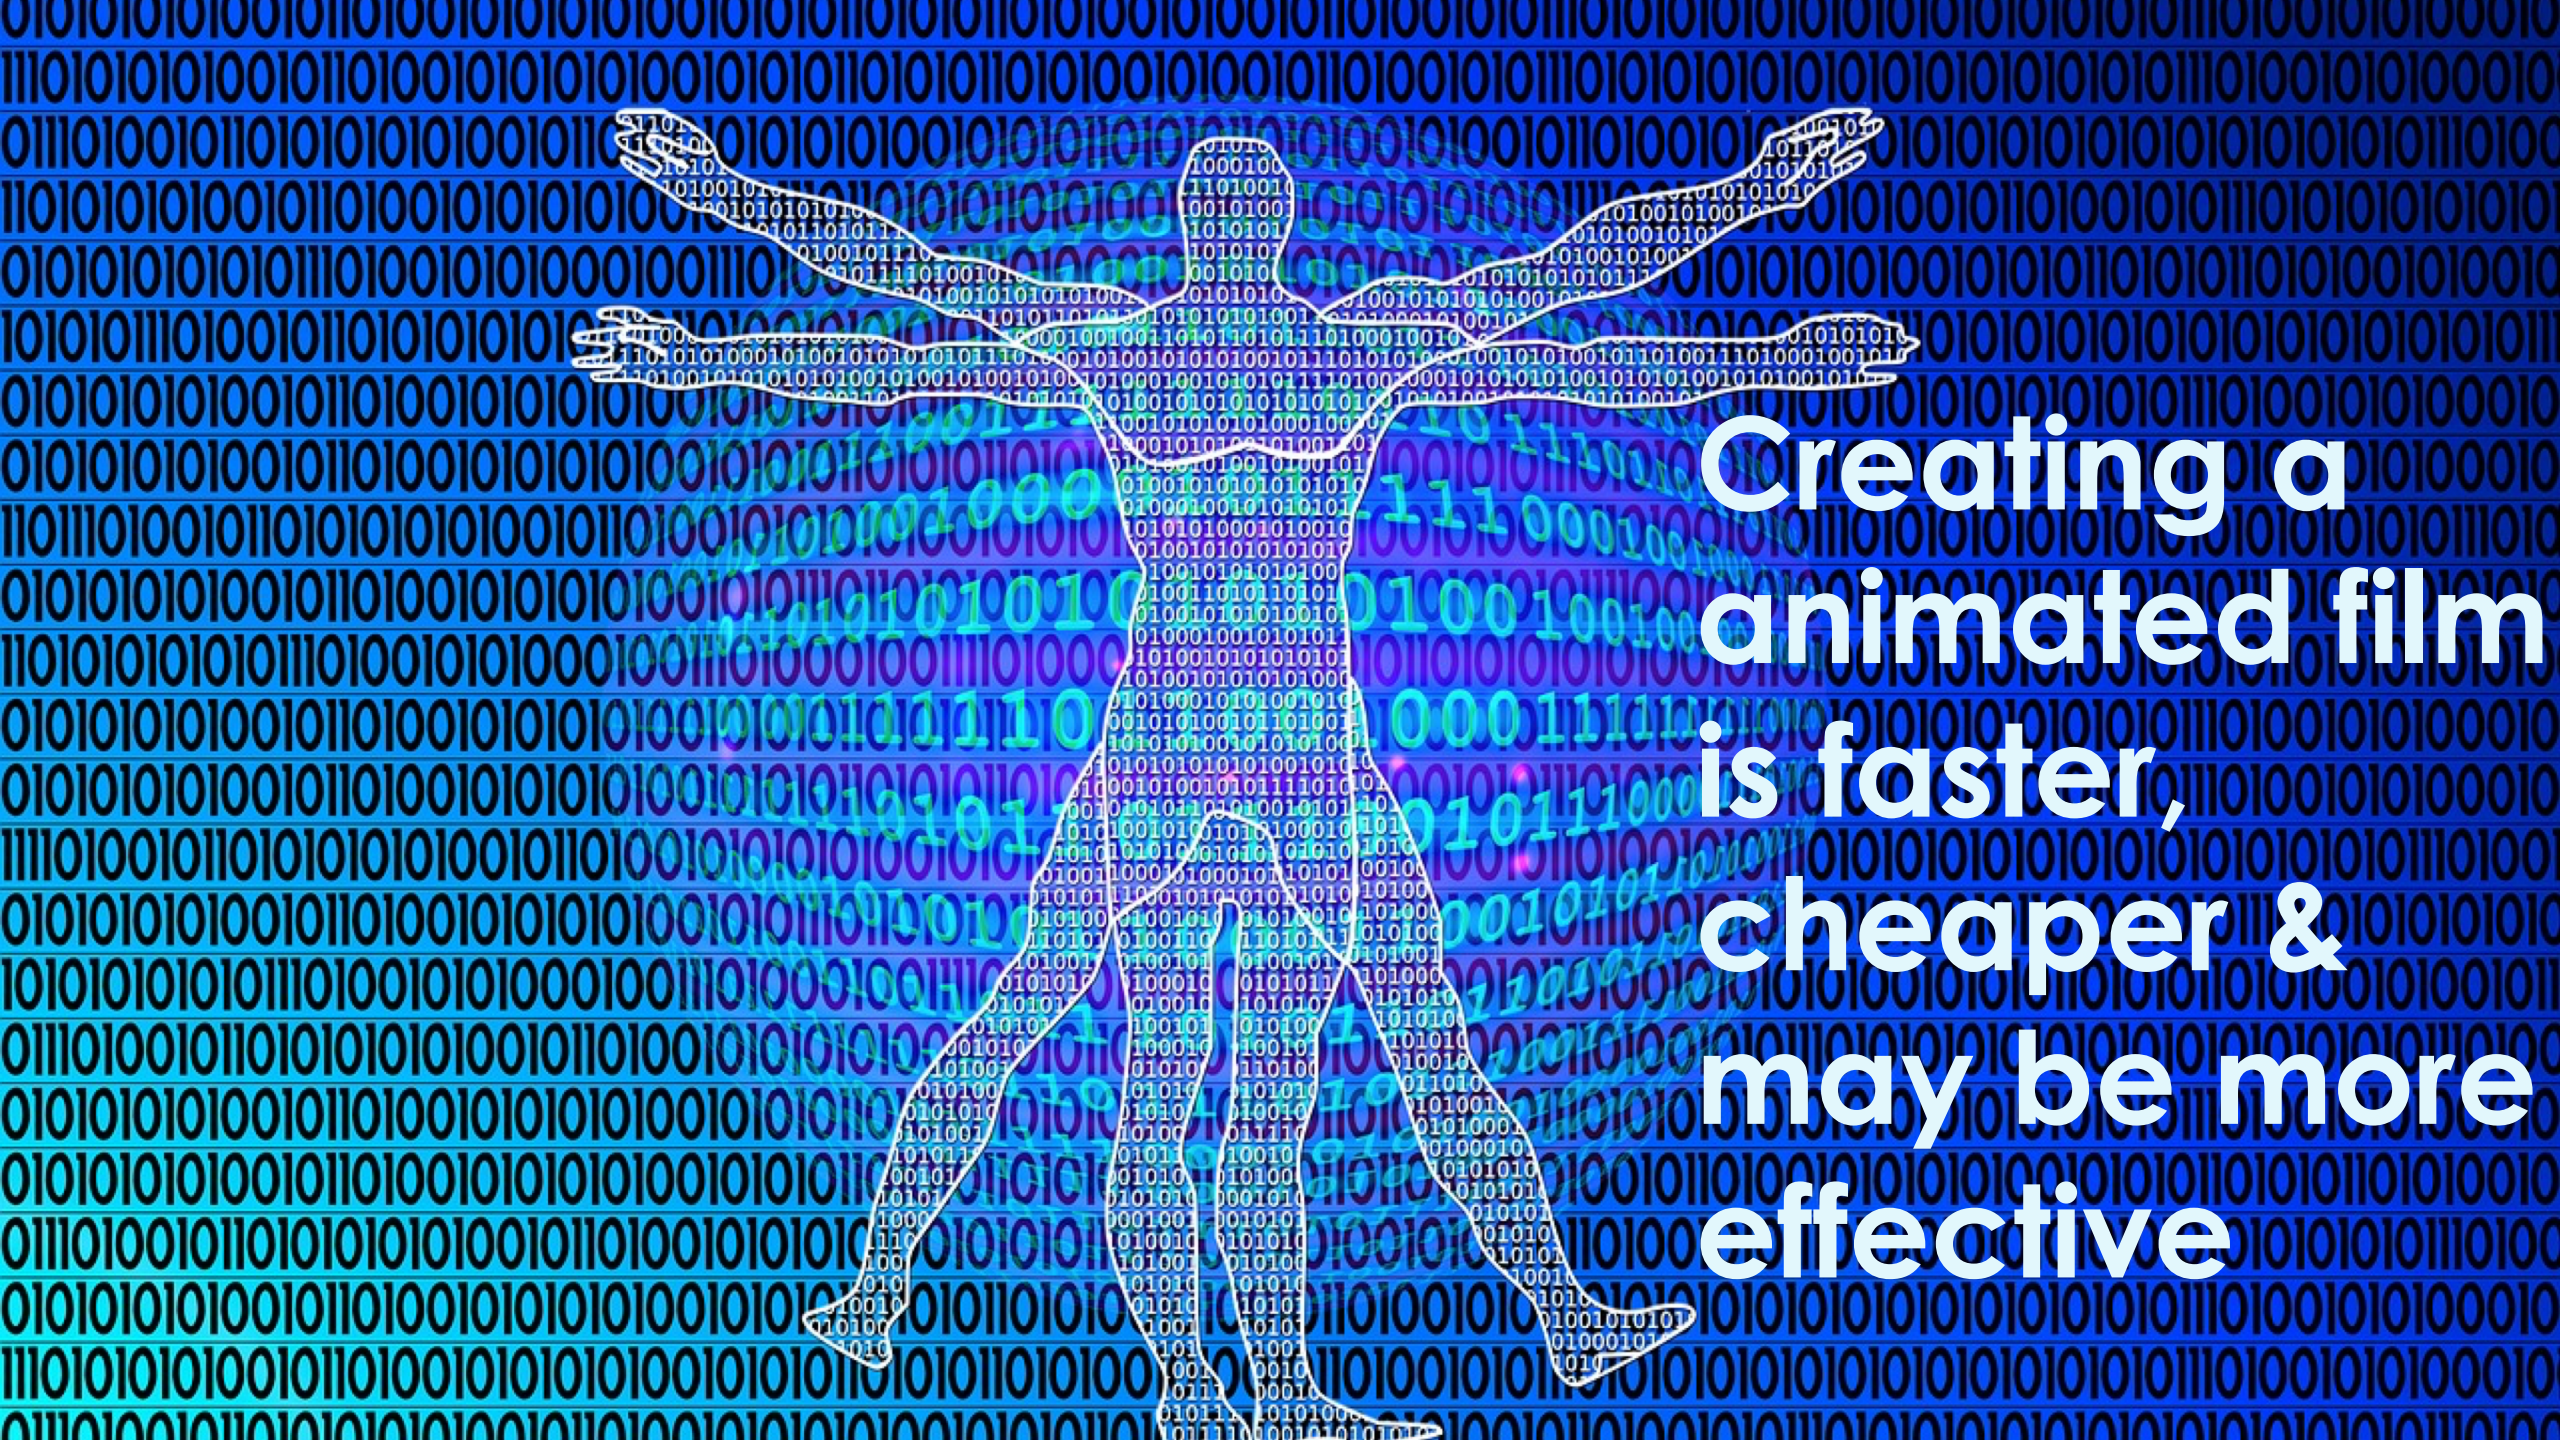

Filming a
live video
can be very
time
consuming

Consider

Lighting

Sound

Editing

Creating a animated film is faster, cheaper & may be more effective

VideoScribe

POWTOON

make it awesome

Animaker

moovly

We chose

Because it was easy to use, had sharing options and was FREE.

The Nominations for Best Visual Effects

Powtoon comes with a huge range of pictures, gifs and music

However, many are restricted to subscription services or require payment

Thankfully there are lots of pictures available **freely** under **Creative Commons Licences** and in the **Public Domain**

PhotoFunia

TinEye

#1 CREATIVECOMMONS
CC

PIXABAY

MORGUEFILE

PEXELS

Google

The Nominations for Best ___ Editing ___

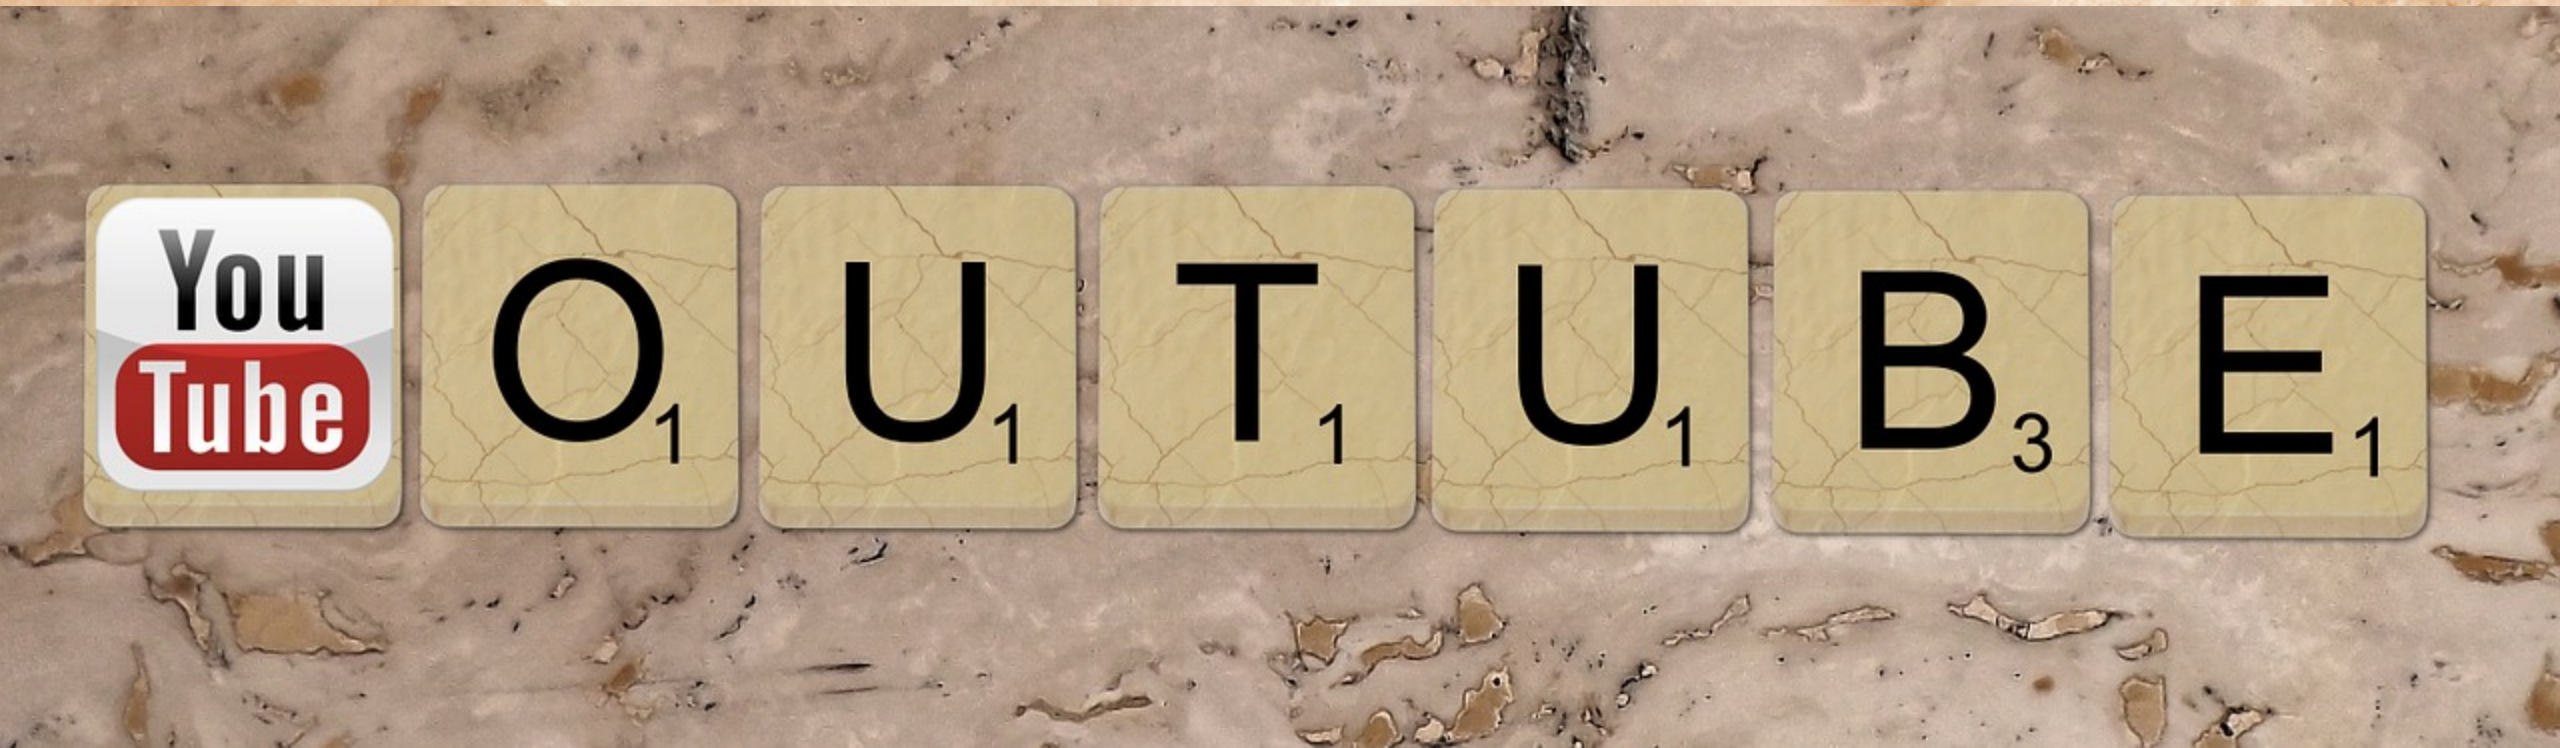

What's next?
You have your pictures & tools
You have your story

Bring it all together in PowToon a.k.a. editing

Be prepared to spend
a lot of **time** editing
12
45
THU 8-6
QUARTZ

Upload the file, for **findability** and **ease of sharing** I recommend

May I have the envelope please?

And the
___ Oscar ____
goes to...

___ You? ___

The End
